Omschrijving (EN)	PowerGrip?? GTX is the newest premium rubber synchronous belt in the Gates belt range. Available in 8M and 14M pitches, this belt is the optimum choice for high-performance, high-torque conditions and quiet operation. Whether it is for a new drive design or for a replacement, PowerGrip?? GTX is the reliable choice. High-strength, low-elongation fibreglass tensile cords for extreme shock load resistance. Elastomeric backing protects the cords from environmental pollution and frictional wear. Low friction nylon facing protects the tooth surface against wear.
