

LOCTITE® UK 1351 B25 / LOCTITE® UK 5452, 400 ml Dual cartridge Loctite Industrial adhesives Loctite

SKU: LOCTITEUK1351

Specificaties

Eenheden	pc
TechnologyName	Polyurethanes, 2K liquid
Merk	Loctite

Beschrijving

LOCTITE® UK 1351 B25 / LOCTITE® UK 5452, 400 ml Dual cartridge Loctite Industrial adhesives

2-part, solvent-free, polyurethane structural adhesive kit which is mainly used for bonding fibrous composite materials.

LOCTITE® UK 1351 B25 / LOCTITE® UK 5452 is a creamy green, 2-part, solvent-free, polyurethane structural adhesive kit. The resin part, LOCTITE UK 1351 B25, contains organic compounds with hydroxyl groups, the hardener, LOCTITE UK 5452, is based on isocyanates. The mixture forms a hard, elastic structural adhesive which is mainly used for bonding fibrous composite materials.
